Production & Trivia

Filming Locations:

Though set in Hawaii, a significant portion of the movie was filmed in Auckland, New Zealand, which stood in for Honolulu during major stunt and chase sequences.

The Wrecking Crew

The "Tweet" Origin:

The project famously began when Dave Bautista tweeted in 2021 that he wanted to do a buddy film with Momoa.

The idea went viral and sparked a bidding war won by MGM.

The Wrecking Crew Memorial:

The film features the final performance of actor David Hekili Kenui Bell, who passed away in June 2025.

The Wrecking Crew

Reception:

Critics have generally praised the chemistry between the two leads, describing it as a "guilty pleasure" and a "time-pass entertainer" (currently holding a 75% score on Rotten Tomatoes).

The Wrecking Crew

Future of the Franchise

While not officially green lit yet, writer Jonathan Tropper has stated he has a "pretty strong idea" for a sequel.

Red Eye season 2 Crimson Icarus

The second season of the ITV thriller Red Eye, subtitled Crimson Icarus, premiered on January 1, 2026.

Red Eye season 2 Crimson Icarus

Following the massive success of the first series (which pulled in over 8 million viewers), this new chapter shifts the high-stakes action from a commercial flight to a high-pressure diplomatic crisis on the ground and in the air.

Red Eye season 2 Crimson Icarus

The Plot: Crimson Icarus

The story picks up with DS Hana Li (Jing Lusi) caught in a jurisdictional nightmare.

Red Eye season 2 Crimson Icarus

While attending a party for the newly appointed US Ambassador to London, the US Embassy is plunged into lock-down after a threat is received: a British plane will be blown out of the sky if anyone leaves the building.

Red Eye season 2 Crimson Icarus

The tension is doubled because Madeline Delaney(Lesley Sharp), the Head of MI5, is actually on that plane.

While Hana tries to find a killer stalking the embassy halls, Delaney must survive a "Speed-style" scenario in the air where a rigged laptop bomb threatens the flight if it drops below a certain altitude.

Red Eye season 2 Crimson Icarus

Cast & Characters

While Richard Armitage does not return as the primary lead for this series, the cast features several returning favorites and a major new addition:

Jing Lusi as DS Hana Li

Martin Compston (of Line of Duty fame) joins as Clay Brody, the US Embassy Security Chief.

Red Eye season 2 Crimson Icarus

He and Hana have a messy history that adds a layer of personal friction to the investigation.

Lesley Sharp as Madeline Delaney (Head of MI5)

Jemma Moore as Jess Li (Hana's journalist sister)

Tom Forbes as the antagonist, an assassin known as Fox.

Red Eye season 2 Crimson Icarus

The title "Crimson Icarus" refers to a Russian code from an MOD threat list, tied to a mysterious prototype plane crash that happened 18 months prior to the events of the season.

Season 3 Recap (Released Oct 2025)

If you haven't caught up yet, Season 3 was a major turning point:

The Plot:

A targeted vendetta against specific members of the counter-terrorism unit forced Lana into a race against time.

Trigger Point Tv Series

Key Cast: Mark Rowley (The Last Kingdom) joined as the charismatic Rich Manning, providing some much-needed levity to the team, while Jason Flemyng played the season's primary antagonist, Steven Wyles.

Trigger Point Tv Series

Returning Faces: Nabil Elouahabi (Hass) and Eric Shango (Danny) remained by Lana's side, though the "Red Fraction" trauma from Season 2 still loomed large.

Trigger Point Tv Series

> Pro-Tip: If you enjoy the "Jed Mercurio style" (he executive produces this), you'll notice the signature high-stakes realism and the fact that no character is ever truly safe.

Don't get too attached to anyone holding a pair of wirecutters!

Evil Tv Series

If you're checking in on the status of Evil in 2026, I have some bittersweet news.

The show officially concluded its run on August 22, 2024, with its fourth and final season.

Evil Tv Series

While fans (and even Stephen King!) lobbied hard for a fifth season or a pick-up by another streamer like Netflix, the series remains finished as of now.

The Final Season Details
The "Mini-Season 5":

When Paramount+ announced the cancellation, they didn't just cut it off.

Evil Tv Series

They ordered four bonus episodes to wrap up the story.

The creators, Robert and Michelle King, treated these final four episodes as a "mini-season 5" to give Kristen, David, and Ben a proper send-off.

GAMER Film & Tv

Evil Tv Series

The Finale:

The series finale, titled "Fear of the End," aired in late August 2024.

It brought many of the long-running threads—including the "Sixty" and the Bouchard daughters' involvement with the supernatural—to a head.

Evil Tv Series

Streaming Status:

In early 2026, the first three seasons left Netflix US, making Paramount+ the primary (and currently only) home for the complete series.

The cast, particularly Katja Herbers (Kristen), has been very vocal on social media about wanting to continue.

Evil Tv Series

While there are currently no active plans for a Season 5 or a movie, the creators have noted that they would be open to it if the right opportunity (and budget) arose.

The Rip film 2025

The Rip (2026)

It marks the eleventh collaboration between best friends Matt Damon and Ben Affleck.

During a raid on a derelict house, they discover $20 million in cartel cash.

The Rip film 2025

The "Rip"—slang for police looting—happens when the team decides to count the money on-site without reporting it.

The Rip film 2025

The Cast:

Matt Damon as Lt. Dane Dumars

Ben Affleck as Det. Sgt. J.D. Byrne

Director: Joe Carnahan (Narc, Smokin' Aces), who brings a gritty, '70s-style "cop noir" energy to the film.

Common Confusion: "Rip" and Kelly Reilly Since we were just discussing Kelly Reilly in Under Salt Marsh, it's worth noting that "Rip" is also the name of her husband in Yellowstone.

Person of Interest Tv Series

While Person of Interest officially ended its five-season run back in 2016, the series has had a massive "second life" in 2026.

Because of its eerily accurate predictions about mass surveillance and AI, it's currently trending as one of the most-watched "legacy" shows on streaming.

Person of Interest Tv Series

Here is the state of the show in 2026:

Streaming Status

UK & International: In a major licensing deal between Warner Bros. and Netflix, all five seasons of Person of Interest returned to Netflix in many international territories (including the UK, Canada, and Australia) on March 1, 2026.

Reboot & Revival Rumors

There is currently no official reboot in production, but the buzz has never been higher.

The "Nolan" Effect:

With creator Jonathan Nolan's recent massive success with the Fallout TV series, fans have been vocal about wanting him to revisit the world of "The Machine."

Person of Interest Tv Series

The "New Team" Tease: Fans often point to the series finale's ending—which hinted at a new team in DC (led by Logan Pierce)—as the perfect jumping-off point for a spin-off.

However, Nolan has stated in recent 2026 interviews that while he loves the world, he feels the original story reached a "perfect conclusion."

Why It's Trending Now

The show is being hailed as a "prophetic masterpiece" in 2026.

This version is a modern re-imagining of the A.J.Quinnell novels, specifically adapting both the original book and its sequel, The Perfect Kill.

The Plot: Redemption in Rio

Set in Rio de Janeiro, the series stars Yahya Abdul-Mateen II as John Creasy, a former Special Forces operative struggling with severe PTSD.

Looking for a fresh start, Creasy takes a job as a bodyguard for Poe Rayburn (Billie Boullet), the teenage daughter of his old friend Paul Rayburn.
